

MEDICAL CODING SOLUTIONS

OUR UNIQUE CAPABILITIES

Aviacode is a true partner that takes the time to understand your unique medical coding requirements by providing the right resources. In doing so, we ensure that you are getting guaranteed quality and support with the right resources and management team that is there for you.

PROFESSIONAL FEE CODING

FACILITY CODING

RISK ADJUSTMENT CODING

OUR EXPERIENCE

Aviacode has 700+ AHIMA or AAPC certified coders with coding expertise in a number of chart types and specialties, including inpatient, outpatient, same-day surgery, E/M, multiple surgical specialties, emergency department, observation, ancillary, recurring, and diagnostic and interventional radiology. Our coders have deep experience with facility, pro-fee, and risk adjustment coding.

Aviacode is a medical coding solutions company experienced working with 110 EMR interfaces. As one of the top ten 2018 largest RCM firms as rated by *Modern Healthcare*, we are the coding company of choice for hundreds of healthcare providers ranging from some of the largest health systems in the country to many stand-alone physician practices. We are industry recognized by KLAS for our outsourced medical coding's good performance and strategic expertise.

VALUE ADD CAPABILITITES

Revenue Integrity

Coding-Related Denial Reduction

Rapid Deployment & Scalability

Coding Compliance

OUR COMMITMENT

Aviacode contractually guarantees coding service accuracy to give peace of mind. We deliver this guarantee through the following:

- **Certified Coders** - AAPC or AHIMA certified with the years of experience desired by our clients
- **Specialty-Focused Coders** - Knowledgeable coders for each specialty
- **Proprietary QA Process** - Ongoing QA process and reports for coding management to minimize risk and optimize revenue

We will get your coding done quickly. After getting EMR access we will work with you on rapid implementation, turnaround time, and quality management.

OUR CODING SOLUTIONS

Aviacode provides an advanced medical coding solution that guarantees accuracy and turnaround; is less costly and less hassle for healthcare finance executives, practice managers, and physicians at hospitals, health systems, providers and payers. We provide long-term outsourced medical coding solutions for your overall coding or specialty needs, or temporary solutions for eliminating backlogs or providing overflow coding coverage.
